

CONTENTS OF JOURNAL OF ANIMAL AND FEED SCIENCES

Volume 7

VOL. 7, No. 1

1998

Flow of endogenous and exogenous nitrogen in different segments of the small intestine in pigs fed diets with soyabean concentrate, soyabean meal or rapeseed cake W. Grala, L. Buraczewska, J. Wasilewko (Jabłonna, Poland), M. W. A. Verstegen, S. Tamminga, A. J. M. Jansman, J. Huisman (Wageningen, The Netherlands) and W. Korczyński (Jabłonna, Poland).....	1
Effects of novel polyether ionophore hainanmycin on nutrient digestion, metabolism and ruminal characteristics of goats R. Mingqiang, S. Zanning, Z. Ruqian, L. Tianshui and Ch. Jie (Nanjing, China)	21
Preliminary study on the effect of size of individual stall on the behavioural and immune reactions of dairy calves V. Ferrante, E. Canali, S. Mattiello, M. Verga, P. Sacerdote, B. Manfredi and A. E. Panerai (Milan, Italy)	29
A note on the effect of lamb growth potential, litter size, and concentrate supplements on performance of lambs and lactating ewes consuming low to moderate quality grass silage A. L. Goetsch (Booneville, USA)	37
Nutritive value of silage made of whole barley crop harvested at various stages of maturity F. Borowiec, K. Furgał, J. Kamiński and T. Zajac (Kraków, Poland)	45
A note on the nutritive value of dry ripe plantain peels as a replacement of maize for goats E. M. Aregheore (Warri, Nigeria)	55
The effect of age and sex of broiler chickens on their slaughter value, feed intake and production costs R. Bochno and W. Brzozowski (Olsztyn, Poland)	63
Protein solubility as an indicator of overheating rapeseed oilmeal and cake B. Pastuszewska, L. Buraczewska, A. Ochtabińska and S. Buraczewski (Jabłonna, Poland)	73
A proposed simple method for determining the outflow of ciliates from the reticulo-rumen T. Michałowski (Jabłonna, Poland)	83

The influence of the kallikrein-kinin system on the characteristics of insulin receptors in rat skeletal muscle during ischemia P. Maćkowiak, H. Krauss, J. Koźlik, P. Sosnowski, J. Paluszak, K. Mikrut and T. Torlińska (Poznań, Poland)	93
Editorial news and events.....	103

VOL. 7, No. 2**1998**

Towards a mechanistic model of amino acid uptake and metabolism by the mammary gland of the lactating dairy cow : A literature review J. A. Maas, J. France (Reading, UK) and B. W. McBride (Guelph, Canada)	105
Composition, properties, and nutritional value of dietary fibre of legume seeds : A review J. Gdala (Jabłonna, Poland)	131
Assessment of the growth of crossbred Black-and-White and beef breed heifers until the age of 450 days I. Groth, Z. Wielgosz-Groth, Z. Kijak and J. Pogorzelska (Olsztyn, Poland)	151
Performance and slaughter value of Polish Merino, Booroola and Suffolk crossbred lambs W. Janiuk, A. Baranowski and J. Klewiec (Jastrzębiec, Poland)	161
<i>In vivo</i> nutrient digestibility in sheep, and rumen dry matter degradability in cattle fed crop by-product based diets S. T. Fall, M. Cissé, D. Ditaroh (Dakar, Sénégal), D. Richard (Montpellier, France), N'D. S. Ndiaye and B. Diaw (Dakar, Sénégal)	171
Nutritive value of evening primrose (<i>Oenothera paradoxa</i>) cake for ruminants T. Stasiniewicz, B. Niwińska, J. Strzetelski (Balice, Poland), J. Kowalczyk (Jabłonna, Poland), K. Maciaszek and K. Bilik (Balice, Poland)	187
Phosphorus equivalency value of microbial phytase in weanling pigs fed a maize-soyabean meal based diet J. S. Radcliffe and E. T. Kornegay (Blacksburg, USA)	197
A note on the use of Jerusalem artichokes (<i>Helianthus tuberosus</i> L.) in diets for growing pigs J. L. Piloto, V. Figueroa, M. Macias, M. Rosabal and J. Ly (La Habana, Cuba)	213
Vitrification of GV-porcine oocytes by 1-, 2-, and 7-step saturation in ethylene glycol V. Isachenko, E. Isachenko (Kharkov, Ukraine), F. Perez-Sanchez and C. Soler (Burjassot, Catalonia)	219
Editorial news and events.....	231

The effect of diet on cell metabolism: A review

K. Kandulska and T. Szkudelski (Poznań, Poland) 233

The effect of number of daily meals for dairy cows on milk yield and composition

Z. Shabi (Rehovot, Israel), I. Bruckental (Bet Dagan, Israel), H. Tagari, S. Zamwel,
G. Adin and A. Arieli (Rehovot, Israel) 249

Performance and body fat composition of fattening bulls fed diets with evening primrose
(*Oenothera paradoxa*) oil cake

J. A. Strzetelski, K. Krawczyk (Balice, Poland), J. Kowalczyk (Jabłonna, Poland),
T. Stasiniewicz, S. Osieglowski and E. Lipiarska (Balice, Poland) 261

Nitrogen conversion and apparent intestinal amino acid absorption in young bulls fed
isonitrogenous diets with different nitrogen sources

J. Kowalczyk and T. Żebrowska (Jabłonna, Poland) 273

Use of agro-industrial by-products for fattening lambs: pasta factory residues. Influence on
meat production and meat quality

M. Trabalza (Matelica, Italy), V. Ippedico (Perugia, Italy), G. Martino (Nepezzano,
Italy), P. Polidori (Matelica, Italy), A. R. Loschi and M. Severini (Perugia, Italy) 283

A note on effect of rape seed oil supplementation on microbial protein synthesis in sheep

M. Szumacher-Strabel, A. Potkański and A. Cieślak (Poznań, Poland) 293

Replacement of soyabean meal by white lupin cv. Bardo seeds and the effectiveness
of β -glucanase and xylanase in growing-finishing pig diets

M. Flis, W. Sobotka and Z. Zduńczyk (Olsztyn, Poland)..... 301

The influence of graded levels of Jerusalem artichokes and body weight on the digestibility of
dietary components in a sugar cane molasses based pig diet

M. Macias and J. Ly (La Habana, Cuba) 313

Tolerance of broiler chickens to dietary rye soluble arabinoxylans

D. Boros (Radzików, Poland) 323

Protein turnover, body composition, muscle characteristics and blood hormones in response
to different direction of growth selection in mice

R. Schadereit, Ch. Rehfeldt, K. Krawielitzki, M. Klein, E. Kanitz and S. Kuhla
(Rostock, Germany) 333

Developmental competence of bovine IVM/IVF oocytes under different co-culture conditions

L. Kątska, B. Ryńska and Z. Smorąg (Balice, Kraków) 353

Editorial news and events..... 363

Evening primrose (<i>Oenothera paradoxa</i>) oil cake or ground rape seed supplement to diets for dairy cows J. A. Strzetelski (Balice, Poland), J. Kowalczyk (Jabłonna, Poland), K. Krawczyk, T. Stasiniewicz and E. Lipiarska (Balice, Poland)	365
A note on rearing calves on diets supplemented with evening primrose (<i>Oenothera paradoxa</i>) oil cake J. A. Strzetelski (Balice, Poland), J. Kowalczyk (Jabłonna, Poland), B. Niwińska, K. Krawczyk and K. Maciaszek (Balice, Poland)	377
Microbial protein net synthesis in sheep fed meadow hay supplemented with different source and level of fat M. Szumacher-Strabel (Poznań, Poland)	385
Microbial protein net synthesis in sheep fed hay/concentrate diet supplemented with different source and level of fat M. Szumacher-Strabel (Poznań, Poland)	395
Haematological and biochemical parameters of blood and immune response of runt weaners M. Świtata, R. Kołacz, E. Bodak-Koszałka and P. Gajewczyk (Wrocław, Poland).....	405
Composition and nutritional value for chickens and rats of seeds, cake and solvent meal from low glucosinolate yellow-seeded spring rape and dark-seeded winter rape S. Smulikowska, B. Pastuszewska, A. Ochtabińska and A. Miczkowska (Jabłonna, Poland)...	415
Phytic acid affects lipid metabolism in the rat T. Szkudelski (Poznań, Poland)	429
Predictors of <i>in situ</i> rumen protein degradability of grass and lucerne by chemical composition or by NIRS J. L. De Boever (Ghent, Belgium), A. M. Antoniewicz (Kraków, Poland) and Ch. V. Boucqué (Ghent, Belgium)	437
Determination of free amino acids in blood plasma by HPLC with fluorescence detection M. Czauderna and J. Kowalczyk (Jabłonna, Poland)	453
Corrigendum	465
Editorial news and events	467
Author index	469
Contents of Journal of Animal and Feed Sciences, Volume 7	479
Subscription for 1999	487

VOL. 7, Supplement 1**1998**

Preface	5
The association between the use of antimicrobial growth promoters and development of resistance in pathogenic bacteria towards growth promoting and therapeutic antimicrobials H. C. Wegener, F. M. Aarestrup, L. B. Jensen, A. M. Hammerum and F. Bager (Copenhagen, Denmark)	7
Probiotics in young and newborn animals D. Kelly (Aberdeen, Scotland)	15
Organic acids as feed additives for young pigs: Nutritional and gastrointestinal effects F. X. Roth and M. Kirchgessner (Freising-Weihenstephan, Germany)	25
The reverse of the medal: feed additives in the environment K. W. Opaliński, E. Dmowska, G. Makulec, E. Mierzejewska, P. Petrov (Łomianki, Poland), S. G. Pierzynowski (Lund, Sweden) and D. Wojewoda (Łomianki, Poland)	35
The impact of feed additives on the microbial ecology of the gut in young pigs B. B. Jensen (Foulum, Denmark)	45
Regulatory peptides in milk, food and in the gastrointestinal lumen of young animals and children R. Zabielski (Warszawa, Poland)	65
Perspectives of glutamine and its derivatives as feed additives for farm animals S. G. Pierzynowski (Lund, Sweden) and A. Sjodin (Uppsala, Sweden)	79
Acquisition of passive immunity in domestic ungulates J. -F. Grognet (Rennes, France) and Ch. Duvaux-Ponter (Paris, France)	93
The mode of action of NSP hydrolysing enzymes in the gastrointestinal tract O. Simon (Berlin, Germany)	115
Relationship between the stage of digestive tract development in chicks and the effect of viscosity reducing enzymes on fat digestion S. Smulikowska (Jablonna, Poland)	125
Zinc and copper as feed additives, growth factors or undesirable environmental factors H. D. Poulsen (Foulum, Denmark)	135
Non-conventional feed additives A. Piva (Bologna, Italy)	143
The influences of dietary inputs on the neonatal gastrointestinal tract: Managing the development of a complex ecosystem R. Buddington (Mississippi, USA)	155

Communications

Evaluation of Salinomycin (Biocox [®]) effects on pig performance C. Simões Nunes and P. Guggenbuhl (Village-Neuf, France)	167
Efficacy of diets with antibiotic and herb mixture additives in feeding of growing-finishing pigs E. R. Grella, R. Krusiński and J. Matras (Lublin, Poland).....	171
Comparative effects of <i>Aspergillus fumigatus</i> and <i>A. niger</i> phytases on phosphorus and calcium digestibilities and phosphorus faecal excretion in the growing pig C. Simões Nunes and P. Guggenbuhl (Village-Neuf, France)	177
Effect of lactic acid supplementation on pancreatic secretion in pigs after weaning M-J. Thaela, M. S. Jensen, S. G. Pierzynowski (Foulum, Denmark), S. Jakob (Stuttgart, Germany) and B. B. Jensen (Foulum, Denmark)	181
Gastrointestinal response of early-weaned pigs to supplementation of wheat-soyabean meal diets with fumaric acid and sodium bicarbonate R. Blank, R. Mosenthin (Stuttgart, Germany) and W. C. Sauer (Edmonton, Canada)	185
Ileal digestibility of amino acids in pigs fed diets of different buffering capacity and with supplementary organic acids Z. Mroz, A. W. Jongbloed, K. Partanen, J. Th. M. van Diepen, K. Vreman and J. Kogut (Lelystad, The Netherlands)	191
Effects of carbadox or formic acid and diet type on ileal digestion of amino acids by pigs K. Partanen, J. Valaja, H. Siljander-Rasi, T. Jalava and S. Panula (Jokioinen, Finland)	199
Carbadox, formic acid and potato fibre as feed additives for growing pigs H. Siljander-Rasi, T. Alaviuhkola and K. Suomi (Hyvinkää, Finland)	205
Performance and microbial activity in the gastrointestinal tract of piglets fed fermented liquid feed at weaning L. L. Mikkelsen and B. B. Jensen (Foulum, Denmark)	211
The effect of digest acid on growth rate and some blood parameters in calves D. Strusińska, S. Iwańska and B. Pysera (Olsztyn, Poland)	217
Small intestinal microbiological and morphological observations in young calves fed milk replacers enriched with a combination of lactoperoxidase system and lactoferrin P. van Leeuwen, J. Huisman (Wageningen, The Netherlands), H. M. Kerkhof and K. Kussendrager (Veghel, The Netherlands)	223
The effect of betaine and rumen undegradable choline on growth rate and feed efficiency in calves M. A. Gralak, V. Leśniewska, R. Puchała, W. Barej (Warszawa, Poland) and E. Dymnicki (Jastrzębiec, Poland)	229

Role of branched-chain amino acid intravenous infusion on nitrogen utilization in growing ruminants J. Matras (Lublin, Poland), R. L. Preston (Lubbock, USA) and R. Klebaniuk (Lublin, Poland)	235
Effect of various probiotics on calf performance J. A. Strzetelski (Balice, Poland), J. Kowalczyk (Jablonna, Poland) and K. Krawczyk (Balice, Poland).....	241
The effect of β -carotene and nucleotide base supplementation on haematological, biochemical and certain immunological parameters in weaned pigs M. Zomborszky-Kovács (Kaposvár, Hungary), S. Tuboly (Budapest, Hungary), H. Bíró (Kaposvár, Hungary), L. Bárdos (Gödöllő, Hungary), P. Soós (Budapest, Hungary), Á. Tóth and G. Tornyo (Kaposvár, Hungary)	245
Effect of dietary supplementation of raw and extruded grass pea seeds (<i>Lathyrus sativus</i> L.) on activity of pancreatic enzymes in pigs M. Kapica, J. L. Valverde Piedra, T. Studziński and E. R. Grela (Lublin, Poland)	253
The potentials for immunostimulatory substances (β -1,3/1,6 glucans) in pig nutrition J. Decuyper, N. Dierick and S. Boddez (Ghent, Belgium)	259
Weaning of pigs: duodenal myoelectrical activity during the change from sow's milk to solid feed V. Leśniewska (Warszawa, Poland), S. G. Pierzynowski, H. Nygaard Johansen, M. Skou Jensen and B. B. Jensen (Foulum, Denmark)	267
Influence of fat addition to feed mixtures on the rate of yolk sac resorption in chickens blood and pancreas enzyme activity D. Jamroz and T. Wertelecki (Wrocław, Poland)	271
Antimutagenic effects of ellagic acid, rutin and psoralen against the aflatoxin B1 J. Pierzynowska and E. Grzesiuk (Warszawa, Poland)	277
Mortality of young animals – the scale of the problem J. -F. Grongnet (Rennes, France) and Ch. Duvaux-Ponter (Paris, France)	285
Introduction to Round Table Discussion	289
Is the use of antimicrobial drugs in agriculture risky for human health ? W. Taljański-Zygmunt, E. Grzesiuk, R. Zabielski (Warszawa, Poland) and S. G. Pierzynowski (Lund, Sweden)	289
