

# JOURNAL OF ANIMAL AND FEED SCIENCES

Vol. 10, Supplement 2

CONTENTS

2001

## Offered papers

Kosieradzka I., E. Sawosz, B. Pastuszewska, M. Szwacka, S. Malepszy, W. Bielecki and K. Czumińska – The effect of feeding diets with genetically modified cucumbers on the growth and health status of rats.....	7
Winnicka A., E. Sawosz, W. Kluciński, I. Kosieradzka, J. Szopa, S. Malepszy and B. Pastuszewska – A note on the effect of feeding genetically modified potatoes on selected indices of non-specific resistance in rats.....	13
Urbaniak M., A. Gut, H. Król, B. Zawadzka, M. Kulik, A. Frankiewicz and A. Łyczyński – Supplementation of mixed rough age-based diet with rumen protected methionine for lactating goats.....	19
Urbaniak M., H. Król and B. Zawadzka – Effect of duodenal infusion of methionine on milk yield and composition in ewes at late lactation fed hay-based diet.....	27
Strzetelski J., K. Bilik, R. Ostrowski and Z. Choroszy – Performance of multibreed beef nurse cows with calves on ecological and fertilized pasture.....	33
Bilik K., J. Strzetelski, S. Osieglowski and P. Gogol – The effect of feeding level of pre- and postpubertal heifers on their reproductive function and later milk production.....	41
Micek P., F. Borowiec and Z.M. Kowalski – Digestion of whole-crop grain silage starch in ruminants.....	49
Kowalik B., J. Kowalczyk, J.J. Pająk, T. Żebrowska and Z. Długołęcka – The influence of dietary starch level and type on the activity of pancreatic digestive enzymes in sheep.....	57
Pająk J.J., T. Żebrowska, A. Janocha, B. Kowalik and P. Dakowski – Carcass composition of Polish Lowland and Polish Merino lambs fed diets containing different protein levels.....	65
Brzóška F. and K. Sala – Milk cholesterol levels in relation to calcium soap and copper content in diets for dairy cows.....	71
Pysera B. and A. Opalka – Lipids and lipoproteins in blood serum of calves receiving Yca-Sacc <sup>iw</sup> *dietary supplement.....	77
Potkański A., J. Kowalczyk, W. Nowak, M. Czauderna and S. Michalak – Effect of milk thistle ( <i>Sylibum marianum</i> L.) endosperm in the diet for cows on milk yield and fatty acid profiles.....	83
Szumacher-Strabel M., A. Potkański, A. Cieślak, J. Kowalczyk and M. Czauderna – The effects of different amounts and types of fat on metabolites in the rumen of sheep.....	91
Szumacher-Strabel M., A. Cieślak, A. Potkański, J. Kowalczyk and M. Czauderna – The effects of different amounts and types of fat on rumen microbial protein synthesis in sheep.....	97

Szumacher-Strabel M., A. Potkański, A. Cieślak, J. Kowalczyk and M. Czauderna – The effects of different amounts and types of fat on the level of conjugated linoleic acid in the meat and milk of sheep.....	103
Potkański A., M. Szumacher-Strabel, A. Cieślak, J., Kowalczyk, M. Urbaniak and M. Czauderna – The effects of different amounts and types of fat on meat fatty acid composition in sheep.....	109
Potkański A., M. Szumacher-Strabel, J. Kowalczyk, A. Cieślak and M. Czauderna – The effects of different amounts and types of fat on milk fatty acid composition in sheep .....	115
Cieślak A., M. Szumacher-Strabel, A. Potkański, J. Kowalczyk and M. Czauderna – The effects of different amounts and types of fat on the extent of C18 unsaturated fatty acid hydrogenation in the rumen of sheep.....	123
Michałowski T., G. Bełżecki, J.J. Pająk and E. Kwiatkowska – Effect of the selected species of ciliates on $\beta$ -endoglucanase and xylanase activities and fibre disappearance from the rumen of sheep.....	129
Michałowski T., E. Kwiatkowska, G. Bełżecki and J.J. Pająk – Effect of the microfauna composition on fermentation pattern in the rumen of sheep .....	135
Bełżecki G. and T. Michałowski – The role of <i>Eudiplodinium maggii</i> in starch metabolism in the rumen.....	141
Urynek W. and L. Buraczewska – Effect of growth period at about 15 and 25 kg body weight on amino acid ileal digestibility in young pigs .....	147
Urynek W. and L. Buraczewska – A comparison of calculated and determined apparent ileal digestibility of amino acids in cereal-soyabean diets for young pigs.....	153
Świąch E. and L. Buraczewska – <i>In vivo</i> and <i>in vitro</i> protein and amino acid digestibility of legume seeds in pig diets.....	159
Kotara D. and B. Fuchs – The effect of gelatinization degree and source of starch on the ileal and faecal digestibility of nutrients and growth performance of early- weaned piglets .....	163
Skomial J., E. Sawosz, M. Gagucki and A. Wrześcińska – The effect of increased poly unsaturated fatty acid levels in mixtures supplemented with ascorbate and $\alpha$ -tocopherol acetate on slaughter traits of pigs .....	171
Sawosz E., E. Kowalczyk, A. Hotowy, R. Lechowski, M. Kleczkowski and M. Fabijańska – The effect of a diet fortified with polyunsaturated fatty acids on the level of selected elements in myocardium of growing pigs .....	177
Fandrejewski H., D. Weremko, St. Raj and G. Skiba – The effect of dietary amino acid composition on protein and energy balance in growing pigs.....	183

Skiba G., H. Fandrejewski, St. Raj and D. Weremko – Performance, chemical body composition, and energy balance of 70-kg pigs as affected by dietary restriction in young age .....	191
Raj St., G. Skiba, H. Fandrejewski and D. Weremko – The effect of glucosinolate fraction concentrations in rapeseed meal on daily protein deposition in the body and on internal organ weights of growing pigs.....	197
Sokół J.L., B.K. Bobel, M. Fabijańska and M. Bekta – Preliminary results on the influence of amaranthus seeds on carcass and meat quality of fatteners.....	203
Fabijańska M., M. Bekta, J.L. Sokół and B. Bobel – Selected parameters of slaughter analysis in fatteners fed mixtures containing naked oats with or without the addition of synthetic zeolite.....	209
Maślanek A., M. Flis and J. Falkowski – A note on naked oats as a substitute for wheat and barley for young pigs .....	215
Fabijańska M. and M. Bekta – The use of naked oat instead of barley in complete feed for fatteners.....	219
Frankiewicz A., M. Urbaniak, M. Kasproicz and P. Sawarzyński – The effect of acidifying preparations in feed mixtures and no antibiotic growth stimulant on production results in growing pigs.....	225
Grela K.R., W. Krasucki, V. Semeniuk, S. Pecka and J. Matras – Influence of some immunomodulation additives to growing-finishing diets on pig performance, carcass traits and some blood indices .....	231
Łyczynski A., Z. Bartkowiak, E. Pośpiech, M. Urbaniak, E. Rzosińska and A. Frankiewicz – The effect of two feeding systems for growing pigs on growth performance, carcass and meat quality .....	237
Urbańczyk J., M. Świątkiewicz and E. Hanczakowska – Preliminary results of <i>ad libitum</i> feeding of diets containing a high amount of fibrous components on the reproductive performance of sows.....	243
Woliński J., V. Leśniewska, M. Biernat, M. Bąbelewska, W. Korczyński and R. Zabielski – Exogenous leptin influences gastrointestinal growth and <i>in vitro</i> small intestinal motility in neonatal piglets - preliminary results .....	249
Kamińska B.Z., R. Gąsior and B. Skraba – Modification of polyunsaturated fatty acid contents in yolk lipids using various cereals and blended animal fat in hens' diets.....	255
Pisarski R.K. and H. Malec – The effect of enriching diets containing rape seed oil or soyabean oil with fish oil (LYSI) on the profile of fatty acids in breast and leg muscles of broiler chicken .....	261
Niemiec J., M. Stępińska, K. Świerczewska, J. Riedel and A. Boruta – The effect of storage on egg quality and fatty acids content in PUFA-enriched eggs.....	267
Barteczko J. and F. Borowiec – The fatty acid content in the tissues of broiler chickens fed diets containing a brown-seed linseed var. Opal or the yellow-seed var. Linola.....	273
Mieczkowska A., V.C. Nguyen and S. Smulikowska – Effect of dietary fat on fatty acid composition of lipids from breast muscle and abdominal fat of broiler chickens.....	279

Rutkowski A. and M. Wiąz – Effect of feeding whole or ground wheat grain on the weight of the gizzard and pH of digesta in broiler chickens .....	285
Puzio I., M. Bieńko and R.P. Radzki – The effects of dietary phytase and 1,25(OH) <sub>2</sub> D <sub>3</sub> on growth and strength of bones in broiler chickens at day 21 of life .....	291
Pietras M. – The effect of probiotics on selected blood and meat parameters of broiler chickens .....	297
Petkov K., W. Biel, A. Kowieska and I. Jaskowska – The composition and nutritive value of naked oat grain ( <i>Avena saliva</i> var. <i>nuda</i> ) .....	303
Kosieradzka I. and M. Fabijańska – Comparison of the nutritive value of naked and husked oat protein with wheat and maize .....	309
Leontowicz H., M. Leontowicz, M. Biernat, M.A. Gralak, H. Kostyra and J. Czerwiński – The influence of feeding raw vs extruded soyabean supplemented or insupplemented with sulphur amino acids on performance, pancreatic trypsin activity and morphological parameters of the jejunum in rats .....	315
Leontowicz M., H. Leontowicz, M. Biernat, M.A. Gralak, H. Kostyra and J. Czerwiński – The influence of extrusion of faba bean seeds and supplementation of sulphur amino acids on performance, pancreatic trypsin activity, and morphological parameters of the jejunum in rats .....	323
Kruczyńska H., K. Darul, W. Nowak and I. Kowalik – The chemical composition and ruminal degradability of maize silages depending on the cultivar and mowing height at harvest .....	331
Kowalski Z.M., F. Borowiec, P.M. Pisulewski, P. Micek and J. Ludwin – Protein degradability in the rumen and intestinal digestibility of ensiled whole-crop oat cut at different stages of maturity .....	339
Borowiec F., T. Zając, Z.M. Kowalski, P. Micek and M. Marciński – The effect of additives on palatability, voluntary intake and digestibility of lucerne and whole-crop oat silages .....	345
Pająk J.J., T. Żebrowska, P. Dakowski, Z. Długołęcka and B. Kowalik – The influence of fertilization with liquid cattle manure on the nutritive value of lucerne forage for ruminants .....	351
Pająk J.J., J. Kowalczyk, T. Żebrowska, B. Kowalik and Z. Długołęcka – Effect of extrusion-cooking temperature on the nutritive value of lupin seeds in fattening lambs .....	357
Kański J. and Z.M. Kowalski – The use of NIRS for prediction of protein content in residues after incubation in the rumen .....	363
Czauderna M., Kowalczyk J. and G. Chojecki – An improved method for derivatization of fatty acids for liquid chromatography .....	369
Czauderna M., J. Kowalczyk, A. Potkański, M. Szumacher-Strabel and G. Chojecki – An HPLC method for determining desirable or undesirable conjugated linoleic acid .....	377
Czauderna M., J. Kowalczyk, A. Potkański, M. Szumacher-Strabel and G. Chojecki – Quantification of conjugated linoleic acid and other essential fatty acids in ovine meat, milk, fat, and intestinal digesta .....	385
