

Contents

Volume 24, No. 1–4, 2015

Vol. 24, No. 1, 2015

Ruminants

Effects of supplementing a mixed diet with echium (*Echium plantagineum*) oil on methanogenesis in a rumen simulation system

Amaro P., M.R.G. Maia (Porto, Portugal), R.J. Dewhurst (Edinburgh, United Kingdom), A.J.M. Fonseca and A.R.J. Cabrita (Porto, Portugal)

3

Modelling of individual lactation curves of Tunisian Holstein-Friesian cows for milk yield, fat and protein contents using parametric, orthogonal and spline models

Bouallegue M. (Chott Meriem Sousse, Tunisia), R. Steri (Rome, Italy), N. M'hamdi (Tunis Mahragène, Tunisia) and M. Ben Hamouda (Rue Alain Savary, Tunisia)

11

The effect of genetically modified feeds on productivity, milk composition, serum metabolite profiles and transfer of tDNA into milk of cows

Furgał-Dierżuk I., J. Strzetelski (Balice, Poland), M. Twardowska (Szczecin, Poland), K. Kwiatek and M. Mazur (Puławy, Poland)

19

Monogastrics

The effect of breed and feeding level on carcass composition, fatty acid profile and expression of genes encoding enzymes involved in fat metabolism in two muscles of pigs fed a diet enriched in n-3 fatty acids. A preliminary study

Sobol M., A. Krawczyńska, G. Skiba, S. Raj, D. Weremko and A.P. Herman (Jabłonna, Poland)

31

Comparison of jejunal digestive enzyme activities, expression of nutrient transporter genes, and apparent fecal digestibility in weaned piglets fed diets with varied sources of fiber

Chen H., X.B. Mao, J. Yin, B. Yu, J. He, L.G. Che, J. Yu, Z. Huang, P. Zheng (Yaan, Sichuan, China), J. Michiels, S. De Smet (Melle, Belgium) and D. Chen (Yaan, Sichuan, China)

41

Growth performance, carcass traits and histological changes in the intestinal villi of male broiler chickens fed dietary silicic acid powder containing bamboo vinegar liquid

Rattanawut J. (Surat Thani, Thailand) and K. Yamauchi (Kagawa-ken, Japan)

48

The chemical composition of selected dried fruit pomaces and their effects on the growth performance and post-slaughter parameters of young turkeys

Juśkiewicz J., J. Jankowski, Z. Zduńczyk (Olsztyn, Poland), K. Kołodziejczyk (Łódź, Poland), D. Mikulski and P. Zduńczyk (Olsztyn, Poland)

53

The effect of dietary yellow lupine (*L. luteus* cv. Baryt) on growth performance, carcass characteristics, meat quality and selected serum parameters of turkeys

Krawczyk M., D. Mikulski, M. Przywitowski and J. Jankowski (Olsztyn, Poland)

61

Postprandial oxidative losses of dietary leucine depend on the time interval between consecutive meals: a model study with rats

Myszkowska-Rycki J., J.S. Keller, J. Bujko, J. Stankiewicz-Ciupa (Warsaw, Poland), R.E. Koopmanschap and V.V.A.M. Schreurs (Wageningen, the Netherlands)

71

Dietary xylanase increases hepatic vitamin E concentration of chickens fed wheat based diet. Short communication

Pirgozliev V. (Shropshire, United Kingdom), F. Karadas (Yuzuncu, Turkey), S.P. Rose, A. Beccaccia, M.W. Mirza (Shropshire, United Kingdom) and A.M. Amerah (Wiltshire, United Kingdom)

80

Editorial note

85

Vol. 24, No. 2, 2015

Ruminants

The effect of different selenium sources during the finishing phase on beef quality

Sgoifo Rossi C.A., R. Compiani, G. Baldi, C.E.M. Bernardi (Milan, Italy), M. Muraro (Verona, Italy), J.-P. Marden (Marcq-en-Baroeul, France) and V. Dell'Orto (Milan, Italy)

93

The effect of calcium propionate supplementation on performance, meat quality, and mRNA expression of finishing steers fed a high-concentrate diet

Zhang X.Z., Q.X. Meng, L. Lu, Z.L. Cui and L.P. Ren (Beijing, China)

100

The effect of nutritional stress on sperm motion characteristics and sexual behaviour of rams in a semi-arid tropical environment

Kumar D., K. De, V.K. Saxena and S.M.K. Naqvi (Rajasthan, India)

107

Annual changes in the concentrations of free triiodothyronine, progesterone and testosterone in prepubertal red deer (*Cervus elaphus elaphus*) males and females

Kuba J., B. Błaszczyk, T. Stankiewicz and J. Udała (Szczecin, Poland) 113

Monogastrics

The expression of mRNAs for opioid precursors in endometrium of cyclic and early pregnant pigs; effects of IL-1 β , IL-6 and TNF α

Dziekoński M., A. Żmijewska, A. Franczak, G. Kotwica, W. Czelejewska and S. Okrasa (Olsztyn-Kortowo, Poland).. 118

Performance, egg quality, blood profile, immune function, and antioxidant enzyme activities in laying hens fed diets with thyme powder

Abd El-Hack M.E. and M. Alagawany (Zagazig, Egypt) 127

The use of genetically modified Roundup Ready soya-bean meal and genetically modified MON 810 maize in broiler chicken diets. Part 1. Effects on performance and blood lymphocyte subpopulations

Czerwiński J. (Jabłonna, Poland), M. Bogacki, B.M. Jalali (Olsztyn, Poland), P. Konieczka and S. Smulikowska (Jabłonna, Poland) 134

The use of genetically modified Roundup Ready soya-bean meal and genetically modified MON 810 maize in broiler chicken diets. Part 2. Functional status of the small intestine

Czerwiński J., M. Słupecka-Ziemilska, J. Woliński, M. Barszcz, P. Konieczka and S. Smulikowska (Jabłonna, Poland) ... 144

Other topics

The potential of tomato pomace as a feed ingredient in common carp (*Cyprinus carpio* L.) diet

Keramat Amirkolaie A., F. Dadashi, H. Ouraji and K. Jani Khalili (Sari, Iran) 153

The evaluation of the nutritional potential of five Mediterranean woody plants rich in phytochemicals

Aouadi D. (Ariana, Tunisia), L. Zorghi (Gafsa, Tunisia), M. Neffati (Medenine, Tunisia) and H. Ben Salem (Amman, Jordan) 160

Editorial news and events

COST Action FA1401 "European network on the factors affecting the gastro-intestinal microbial balance and the impact on the health status of pigs (PiGutNet)"

Trevisi P. (Bologna, Italy), S. Botti (Lodi, Italy), C. Lauridsen (Tjele, Denmark), J.F. Pérez (Bellaterra, Spain), D. Papadopoulos (Thessaloniki, Greece), M. Roselli (Rome, Italy), J. Levic (Novi Sad, Serbia) and J. Zentek (Berlin, Germany) 166

Book review 171

Vol. 24, No. 3, 2015

Review

Nanobiotechnology in reproduction – pros and cons. A review
Zielińska-Górska M. and K. Górski (Jabłonna, Poland) 179

Ruminants

The effect of supplementation with gold of pleasure (*Camelina sativa*) cake on the fatty acid profile of ewe milk and yoghurt produced from it

Danków R., J. Pikul (Poznań, Poland), J. Wójtowski (Suchy Las, Poland), D. Cais-Sokolińska, J. Teichert (Poznań, Poland), E. Bagnicka (Jastrzębiec, Poland), A. Cieślak and M. Szumacher-Strabel (Poznań, Poland) 193

Chitin as a source of energy for rumen ciliates

Miltko R., B. Kowalik, T. Michałowski and G. Bełzecki (Jabłonna, Poland) 203

The Toll-like receptors mRNA expression profile in the pineal gland of sheep during long and short days

Bochenek J. (Jabłonna, Poland), J. Skipor, M. Kowalewska (Olsztyn, Poland) and A.P. Herman (Jabłonna, Poland) ... 208

Monogastrics

The effects of adding lucerne protein concentrate to diets on the reproductive traits and blood metabolic profiles of sows and piglets

Pietrzak E. and E.R. Grela (Lublin, Poland) 216

The effect of early-life kidney bean lectin administration on pig performance in the peri-weaning period – a safety study

Pieszka M., S. Orczewska-Dudek, D. Bederska-Łojewska (Balice, Poland), D. Józefiak, B. Kierończyk (Poznań, Poland), M. Pietras (Balice, Poland), M. Rawski (Poznań, Poland), M. Kizerwetter-Świda, R. Sapieryński, P. Matyba and P. Pietrzak (Warsaw, Poland) 226

The effects of type of protein and fibre fermented *in vitro* with different pig inocula on short-chain fatty acids and amines concentrations

Taciak M., M. Barszcz, A. Tuśnio, I. Bachanek, B. Pastuszewska and J. Skomiał (Jabłonna, Poland) 235

The effect of dietary fat, vitamin E and selenium concentrations on the fatty acid profile and oxidative stability of frozen stored broiler meat

Konieczka P., M. Czauderna, A. Rozbicka-Wieczorek and S. Smulikowska (Jabłonna, Poland) 244

Factors affecting the nutritional value of pea (*Pisum sativum*) for broilers

Hejdysz M., S.A. Kaczmarek and A. Rutkowski (Poznań, Poland) 252

Short communication

The influence of supplementing heifer diets with *Saccharomyces cerevisiae* yeast on the activity of polysaccharidases in the rumen

Miltko R., B. Kowalik, M. Majewska, G. Bełzecki and J. Skomiał (Jabłonna, Poland)..... 260

Vol. 24, No. 4, 2015**Review**

Sustainable production of protein of animal origin – the state of knowledge. Part 1. Resources and emissions as factors affecting sustainability
Flachowsky G. and U. Meyer (Braunschweig, Germany).. 273

Sustainable production of protein of animal origin – the state of knowledge. Part 2. Aquirements, objectives and ways of sustainability improvement
Flachowsky G. and U. Meyer (Braunschweig, Germany) .. 283

Ruminants

Does yeast (*Saccharomyces cerevisiae*) supplementation in calf starter modify feed intake and liveweight gain of dairy bull calves?
Huuskonen A. and M. Pesonen (Ruukki, Finland) 295

Effect of probiotic strains mixture administration on serum interleukins concentration, lymphocyte proliferation and DNA damage in rams
Abdelrazek H.M.A., M.S. Yusuf (Ismailia, Egypt), S.A. Ismail (Zagazig, Egypt) and R.A. Elgawish (Ismailia, Egypt) 302

Comparison of nutrient composition and anti-methanogenic properties of different *Rosaceae* species
Kara K., B.K. Güçlü and E. Baytok (Kayserr, Turkey) 308

Monogastrics

Body composition and fatty acid profile of *musculus longissimus dorsi* in growing pigs fed a diet supplemented with grass meal
Raj S., G. Skiba, M. Sobol and D. Weremko (Jablonna, Poland) 315

Utilization of threonine in young pigs fed diets differing in standardized ileal digestible threonine and wheat gluten used as a source of non-essential amino acids
Świąch E. (Jablonna, Poland) 323

The expression of mRNAs for opioid receptors in endometrium of cyclic and early pregnant pigs; *in vitro* effects of IL-1 β , IL-6 and TNF α
Dziekoński M., A. Żmijewska, A. Franczak, G. Kotwica, K. Kościukiewicz, W. Czelejewska and S. Okrasa (Olsztyn-Kortowo, Poland) 332

The effect of rosemary herb as a dietary supplement on performance, egg quality, serum biochemical parameters, and oxidative status in laying hens
Alagawany M. and M.E. Abd El-Hack (Zagazig, Egypt) .. 341

Stability of an extruded, linseed-based functional feed additive with the supplementation of vitamin E and carvacrol
Čolović D., J. Lević, I. Čabarkapa, R. Čolović, Lj. Lević and I. Sedej (Novi Sad, Serbia)..... 348
