Announcement

Dear Contributors,

Due to the significant increase in the costs of publishing the *Journal of Animal and Feed Sciences* by the Kielanowski Institute of Animal Nutrition and Physiology and the complete lack of subsidies for this purpose, we regret to inform you that we are forced to introduce charges for publications submitted to our Journal.

- Beginning from the second issue in 2009 the charges will comprise two parts:
- 100 PLN (35 EURO) + VAT as an advance partial payment that must accompany the submission of a manuscript and will not be returned if the manuscript is not accepted for publication;
 - 80 PLN (30 EURO) + VAT (currently 0%) for each printed page. When the manuscript is accepted an invoice will be sent and payment must be remitted before the article is sent to print.

If the relevant payment is not received, the process of qualifying a manuscript and/or its printing will be suspended.

Advance payment will not be charged for manuscripts submitted before the announcement of the above changes.

Publication charges can be waived for articles commissioned by the Journal.

Payment should be remitted to the account of the Institute: ING Bank Śląski
O/ Legionowo No. 29 1050 1012 1000 0005 0241 2067 with the annotation:
JAfS-Proc.

Sincerely,
Prof. Jacek Skomiał, Ph.D.
Institute Director
