We have a pleasure to announce that

6th Central European Congress of Life Sciences EUROBIOTECH

will be held in The International Exhibition and Convention Centre Expo Krakow (Poland)
on 11–14 September, 2017

EUROBIOTECH

6th Central European Congress of Life Sciences

Date: 11th-14th September 2017, Krakow
Venue: EXPO Krakow, POLAND

www.eurobiotech.krakow.pl

The 6th Eurobiotech Congress is organized by Biotechnology Committee of the Polish Academy of Sciences, Faculty of Biochemistry, Biophysics and Biotechnology of the Jagiellonian University, Polish Federation of Biotechnology and Targi w Krakowie Ltd.

Among main presented topics are: biopharmaceuticals, diagnosis, stem cells, biomaterials, food and feed, art in science, dual use of biotechnology.

During the Congress many broad topics will be presented. The symbiosis of art and biotechnology, the dual use of biotechnology but also the most

essential and fundamental issues such as: biomaterials, medical analytics, food and feed will be discussed. Also, the topic of developing perspectives such as: bioinformatics and nucleic acids as bio-economy tool including the CRISPR/Cas9, stem cells, transgenic plants and epigenetics will be considered.

The programme will include 24 scientific sessions covering all the colours of biotechnology and the accompanying exhibition. Congress will include two special events – students session and Life Science Open Space dedicated to bio-economy.

World-renowned scientists including two Nobel laureates and several nominees have already confirmed their lectures during Eurobiotech:

- Prof. Krzysztof Bankiewicz, University of California, San Francisco, USA
- Prof. Emmanuelle Charpentier, Max Planck Institut, Berlin, Germany
- Prof. Mauro Giacca, International Centre for Genetic Engineering and Biotechnology, Trieste, Italy
- Prof. Jonathan Heddle, Jagiellonian University in Kraków, Poland
- Prof. Robert Huber (Nobel Prize Winner), Max Planck Institut, Berlin, Germany
- Prof. Jonathan Kimmelman, McGill University Montréal, Québec, Canada
- Prof. Abhay Pandit, National University of Galway, Galway, Ireland
- Prof. Nikolaus Rajewsky, Max Delbrück Center for Molecular Medicine, Berlin, Germany
- Prof. Ada Yonath (Nobel Prize Winner), Weizmann Institute of Science, Rehovot, Israel
- Prof. Magdalena Zernicka-Goetz, University of Cambridge, Cambridge, England

Congress is held under the honorary patronage of The II Department of Biological and Agricultural Sciences of the Polish Academy of Sciences and Jacek Majchrowski, Mayor of the City of Krakow.

Organizers and Partners:

- Targi w Krakowie Ltd.
- Biotechnology Committee of the Polish Academy of Sciences
- The Institute of Bioorganic Chemistry, Polish Academy of Sciences
- Polish Federation of Biotechnology
- The Faculty of Biochemistry, Biophysics and Biotechnology of the Jagiellonian University
- Adam Mickiewicz University in Poznań
- Malopolska Centre of Biotechnology
- Faculty of Biology and Environmental Protection, Łódź University
